

## Workshops

### Objectives

- Discuss common ground, common methods and common themes,
- Fostering the emergence of an interdisciplinary project, an incubator for new projects
- Consider possible calls for tenders (DEI Africa, 80|Prime, ANR, ERC, etc.)

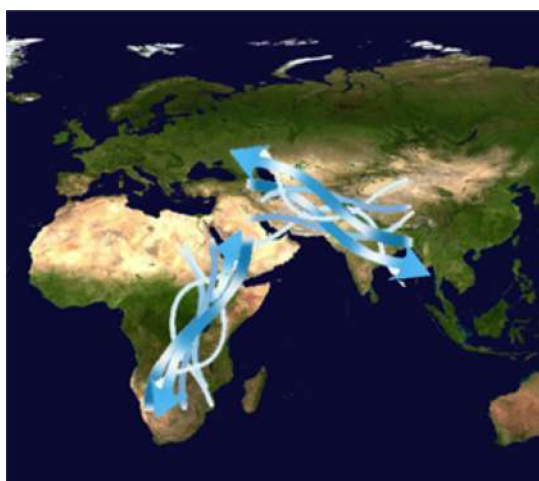

*Preparatory workshop in 2023*

### Achievements

- Workshop: "Population dispersal and landform evolution" organised at the Musée de l'Homme, Paris, 25 September 2023

### Budget & operations

- Total budget of €828.22 (meals and transport for participants to the Musée de l'Homme)
- 7 people face-to-face, 5-7 people distance learning, 1 day
- This workshop follows on from the webinar presented by Laurent Husson on 24 March 2023.
- Presentations and discussions on the following themes: expansion of hominins, environments (climate/topography/physiography/vegetation), modelling, etc.
- Identification of a joint interdisciplinary project.

*Funding for the DispHome project in 2024*

### Reflective assessment

- Discussions that led to the emergence of the DispHome project "Evolution of hominins in the changing landscapes of the East African Rift" funded by MITI (Laurent Husson, Sandrine Prat, Jean-Renaud Boisserie), including most of the participants at this meeting.
- Doctoral contract: Raphaël Tournier since 1<sup>er</sup> October 2024
- Type of action to be renewed
