Budget & operations

- Total budget < €1,000 because participation is often by invitation, by video or organised at the same time as a business or personal trip.

Reflective assessment

- Actions to enable us to reflect on and adapt our activities
- Maintaining a professional network favourable to the GDR and a training network favourable to members and students
- Highly popular events for the general public, requiring a great deal of involvement. Requires substantial support in terms of educational (books, moodle, webinars), oral and written (exhibitions, books, etc.) promotion.
